

NET4SOCIETY is the network of National Contact Points for Socio-economic Sciences and Humanities (SSH) in the European Community's 7th Framework Programme. NET4SOCIETY is a project funded by the European Commission under FP7. In this network the SSH NCPs join forces to provide services to researchers interested in the research opportunities EU funding is offering.

Find information about upcoming events, calls in the socio-economic and humanities and other FP7 areas and up-to-date information on our website:

## Meeting point for Socio-economic sciences & Humanities researchers

### BROKERAGE EVENT

16th October 2009

Brussels

University Foundation Club

Rue d'Egmont 11 (Trône)

# NET4SOCIETY BROKERAGE EVENT

The NET4SOCIETY brokerage event offers a meeting point for all stakeholders within the socio-economic sciences and humanities. The purpose is to facilitate **networking**: join consortia in the building phase and be part of experienced or new networks and ultimately **find your partners** to submit a proposal in the present Calls for Proposals in the Socio-economic Sciences and Humanities Programme of FP7.

In the morning you will hear about the new approach that DG Research is taking and will receive **in-depth information** about the topics that foresee the *large scale integrating project* as financing scheme -“financial system”, “addiction” and “multi-polar world”. Speakers of the Commission, experts from the socio-economic sciences and humanities and coordinators of integrated projects will provide background information and engage in panel discussions.

**Who can attend?** Researchers, civil society organisations, public bodies are all invited to attend the event.

## How to meet other researchers

In the afternoon you are invited to meet other participants thanks to prearranged 1 to 1 meetings. In order to book one or more meetings with other researchers, civil society organisations, public bodies, please go to

[www.net4society.eu/public/brokerage/](http://www.net4society.eu/public/brokerage/)

and register on

[www.b2match.com/SSHmeetingpoint09/](http://www.b2match.com/SSHmeetingpoint09/)

where you can express your own research background or interest. Then you can book a meeting with other persons (or be booked) through a very-easy-to-use system. Some days before the event you will receive your personal meetings agenda.

**Take this opportunity to build consortia! Register now!**
