- I offer my expertise to participate as a Partner in a project
 → **Please** complete all sections of the Form:

Call: FP7-2010-1Topic: SSH.2010.1.2-1. Changing the role of the financial system to better serve economic, social and environmental objectives

Offer valid until: **02/02/2010**

📌 Project Information

Activity of the SSH work Programme concerned : 8.1 Activity - Growth, Employment and Competitiveness in a Knowledge Society: the European Case

Field of expertise related to the topic:

Analysis of the real and financial causes of the current economic crisis, from a critical point of view of the prevailing approach.

Experience in the analysis of juridical effects caused by economic impact of territorial and environmental change. Experience in the analysis of globalization and glocalization as regards the effects of economy decision on political and law, in particular concerning public services and social behavior.

Potential Contribution to the project :

Analysis of the role of finance in the current crisis, together with the different lines of intervention that have been envisaged or are actually being adopted by the governments of the major countries (monetization of private banks debt or the recapitalization of the banking system with public money). Compatibility of the capitalist economy with a credit system essentially owned by the State.

Analysis of the impact of financial and economic effects on public policy, environmental policy and territorial changes. the attention will be focused on the impact of financial change on multilevel government and juridical guarantees of the redistribution of resources

Role in the project

- Research Dissemination Other
 Training Technology development
